AI and the Public Speaker

Artificial intelligence (AI) is on the rise, and in this assignment, you will put your public speaking skills to the test with AI platforms.

Part 1: Select and Research

Select Yoodli, Orai, or another public speaking tool of your choice that provides AI feedback. Then, answer the following:

1 **What public speaking AI tool did you select?**

2 **What is the goal of the tool / how does it help public speakers?**

3 **How could the tool be applied in the field of public relations?**

4 **What key features of the tool do you think are important to note?**

Part 2: Review

Record a five-minute speech about the public speaking AI tool you selected and researched. Conclude the speech expressing if you would use this platform in the future or if not, and why. After you finish your recording and receive the AI-generated feedback, answer the following:

1 **What feedback did you receive from the AI tool?**

2 **How well did the AI tool perform?**

3 **What, if anything, do you think could be improved about the AI feedback? Explain your response.**
